Professional Summary

Data Analyst with banking administration experience in Banking sector. Skilled in Excel, Power BI, My SQL and Python.

CERTIFICATION

Program in AI Driven Data Analytics – Entri Elevate (Illinois, USA) & NDSC

Jan 2026 – Jul 2026

- Hands-on experience developing interactive and insightful dashboards using Power BI.
- Advanced proficiency in Microsoft Excel for data organization, analysis, reporting, and visualization.
- Developed SQL skills to write complex queries, retrieve data, and manage relational databases efficiently.
- Foundational Python for data manipulation, visualization, and analytical tasks using Pandas and Matplotlib.

TECHNICAL SKILLS

- Data Analytics: Data Cleaning, Data Analysis, Data Validation, Trend Analysis, Financial Analysis
- Business Intelligence: Power BI (Dashboards, Data Visualization, Interactive Reports)
- Database Management: SQL (Data Extraction, Complex Queries, Database Management)
- Microsoft Excel: Pivot Tables, VLOOKUP/XLOOKUP, Power Query, Charts, Formulas, Data Visualization
- Reporting & Documentation: Management Reporting, Business Reporting, Document Control, Operational Reporting

PROJECTS

Air Quality Index Analysis| Python, Power BI| [Python-AQI-Final-Project: Air Quality Index](#)

- Built an Air Quality Index analysis project integrating Python (NumPy, Pandas) for data cleaning and transformation.
- Developed interactive dashboards in Power BI to visualize AQI trends, pollutant levels, and regional comparisons.
- Delivered end-to-end insights by combining Python-based preprocessing with Power BI storytelling for clear decision support.

E-Learning Platform Database Project | MySQL, SQL Workbench | [Archana-3009/SQL Coding-challenges](#)

- Designed relational tables for learners, courses, and purchases with proper keys and constraints.
- Wrote SQL queries using joins, subqueries, and aggregations to analyze learner spending and course popularity.
- Delivered insights on top courses, category-wise revenue, unsold courses, and high-value learners.

Mudra Loan Sanction & Disbursement Analysis | Excel, Power Query, Power BI

[Archana-3009/Mudra-Loan-Disbursement_Analysis-Report.](#)

- Cleaned and transformed 5 years of loan sanction and disbursement data using Power Query.
- Built interactive Power BI dashboards to compare sanctioned vs. disbursed amounts across regions and years and applied Excel functions for validation and summary reporting.
- Delivered insights on loan distribution trends to support financial decision-making.

PROFESSIONAL EXPERIENCE

Administration Manager | Indian Bank | January 2013 – Present

- Analyzed operational and financial data to identify trends and support strategic planning and financial forecasting.
- Supported senior management by preparing reports, schedules, data analysis, and operational plans.
- Performed financial data analysis and reporting with a high level of accuracy and attention to detail.

EDUCATION

Bachelor of Science in Agriculture | Tamil Nadu Agricultural University, Coimbatore
